AIRWIZ PLUS

PREMIUM HIGH SPEED BLDC FAN

What makes a fan truly exceptional? It's not just about air – it's about enhancing your space and your life. Presenting Airwiz Plus from V-Guard, a 5-star rated fan that combines sleek design, superior performance, and ultimate convenience. With its ultra-slim profile and premium finishes, it's a centerpiece of elegance for any modern home.

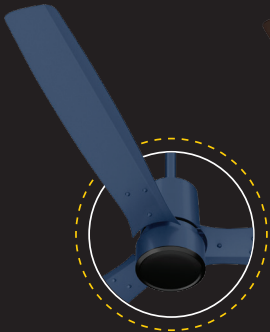

The energy-efficient 35W motor keeps you comfortable while saving you ₹1518/- annually on electricity bills. Imagine enjoying perfect airflow while cutting costs – now that's smart living! Whether it's a soothing Breeze mode for relaxing or Boost mode for instant comfort, the point-anywhere remote puts you in control with four unique wind modes and multi-timer options (4h or 8h).

Manufactured at the state-of-the-art V-Guard facility at Roorkee, Uttarakhand, this fan is loaded with outstanding features. Built for durability with aluminium alloy blades and double-shielded ball bearings, this fan offers worry-free operation backed by a 3-year warranty. Available in stunning finishes, Airwiz Plus isn't just a fan – it's a statement of style, savings, and innovation.

SALIENT FEATURES

Relax, we've got your back

Invest in a fan that invests in you. With Airwiz Plus, you're not just buying a product you're securing years of reliable performance. Backed by a 3-year warranty, it's a promise of comfort, durability, and peace of mind that keeps on giving.

Experience the power of efficiency with the 5-star, 35W ceiling fan

Our 5-star rated ceiling fan, equipped with a 35-watt energy-efficient BLDC motor, ensures optimal cooling while significantly reducing your electricity consumption. Enjoy a comfortable environment and save on energy bills with this smart and eco-friendly choice.

Uninterrupted comfort, unmatched efficiency

Powered by advanced BLDC technology, Airwiz Plus operates across a wide voltage range of 90V to 300V. This ensures cooling and energy efficiency, even in areas with unstable power supply, providing you with uninterrupted comfort and peace of mind.

Speed that suits your style

Easily adjust the fan's speed to your liking, ensuring you always enjoy the perfect airflow, no matter the weather.

Year-round comfort assured

Reverse flow mode is ideal for the winter season when you rely on a room heater to create a cozy ambience, this intelligent feature takes your comfort to new heights. As the fan gracefully rotates in the opposite direction, a gentle upward suction ensues, ensuring the heated air circulates evenly throughout the room.

Set & relax

Embrace the luxury of personalized cooling with Airwiz Plus's multiple timer options; 4 hours and 8 hours. Effortlessly schedule the fan to automatically turn off after a specific period, bringing you ultimate convenience and peace of mind. Whether you desire a quick burst of cooling or an extended cooling session, its multiple timer options cater to your unique needs and preferences.

Match your mood with the perfect mode

Comfort isn't one-size-fits-all. With Airwiz Plus, you get to choose from four tailored wind modes to match your every mood. Want a gentle Breeze while reading? Need an energy-packed Boost after a workout? Reverse mode for cozy winters or Sleep mode for uninterrupted rest – every option is designed with you in mind.

Control from anywhere, comfort everywhere

Ever wished your fan could respond from anywhere in the room? Airwiz Plus's point anywhere remote makes that possible. Set a 4-hour or 8-hour timer or fine-tune the speed – all without moving an inch. It's all about making your comfort effortless.

Style in every spin

Why should your ceiling fan blend in when it can stand out? With Airwiz Plus, form meets function in a design that's slim, sleek, and effortlessly stylish. Whether you choose a glossy or matte finish, this fan doesn't just complement your decor – it transforms it. Every glance upward becomes a reminder of elegance done right.
