

**Your appliances are precious to us.
As they are to you.**

V-Guard Electronic Voltage Stabilizer

V-GUARD 

Designed to protect your appliances

For over 4 decades V-Guard lived up to the reputation of making reliable products that were designed to work efficiently and last a lifetime. And now we are taking our next quantum leap. Harnessing the learnings, insights and experience of four decades to re-design and re-think the working of our products across the various categories that we straddle. With only one goal in mind. To delight our consumers with thoughtfully designed products enabling a better quality of life.

These brand standards and values make V-Guard the largest selling and most trusted stabilizer brand in India. Features like automatic restart, turn-on delay, time-delay system and high & low voltage cut-off guarantee appliances protection against voltage problems.

V-Guard Stabilizers come in different sizes, with different capabilities for a wide range of appliances including Air Conditioners, LED TVs, Refrigerators. Mainline Stabilizers are an additional offering meant for general purposes. The variations in the range of stabilizers address the differing requirements for different appliances.

V-Guard has a stabilizer for anyone with any kind of appliance. Whatever you are looking for in a stabilizer, V-Guard is sure to have it.

Salient Features

Performs in wide input range

Low & High Voltage Cut-off Protection

Overload protection (MCB)

Range available

VVI 400

- Intelligent Time Delay System
- Smart Digital Display
- Compatible with Regular & Inverter ACs

VG 400

- Intelligent Time Delay System
- Low & High Voltage cut-off Protection
- Latest IC Technology

VND 400

- Low & High Voltage cut-off Protection
- 3 year Warranty
- Wall Mounting Cabinet Design

MINI CRYSTAL

- Line noise & Spike protection
- Generator compatibility
- High Voltage cut-off

VGSD 50

- Low & High Voltage cut-off Protection
- Intelligent Time Delay System
- Built-In Thermal Overload Protection

VND 500

- Low & High Voltage cut-off Protection
- Latest IC Technology-Assures reliable protection
- Wall Mounting Cabinet Design-Elegant and easy to install

VGB 500 DIGITAL

- Built-In Thermal Overload Protection
- Low & High Voltage cut-off Protection
- Latest IC Technology - Assures reliable protection.

VS 400

- Low & High Voltage cut-off Protection
- Intelligent Time Delay System
- Latest IC Technology - Assures reliable protection

VGMW 500 PLUS

- Initial Time Delay System
- Low & High Voltage cut-off Protection
- Built-In Thermal Overload Protection

DIGITAL STABILIZER (LED/LCD TV)

Features

- Line noise/ spike protection
- Generator compatibility
- Low & high voltage cut-off
- Performs in wide input range
- Primary switching technology
- Zero Cross Detection technology
- Output voltage correction without break
- Mains turn-on delay
- Warranty – 3 Year

STABILIZER FOR TELEVISION / MUSIC SYSTEM

Features

- High Voltage cut - off Protection - protects connected equipment from dangerous high voltage
- Built - In Thermal Overload Protection - protects the stabilizer and connected appliances from high temperature burnout
- Automatic Restart - Auto switch ON & OFF on power supply returning to safe voltage range, avoiding manual reset
- Fail Safe Circuit Protection - cuts off power supply to connected equipment in case of component failure
- ABS Cabinet with Jelly Bean Design – sleek design and wide range of colours to suit elegant interiors
- Warranty – 5 Year
